Intermediate Photography

Add Blog to Site

1. Log in to the Weebly you made in Foundations.
   a. Note: You login should be your student Gmail and your password should be either your student ID number or your student ID number and two zeros.
2. Once your Weebly is open, go to the Pages tab at the top.

3. Select your Blog page and rename it to **Foundations**.

4. Click the Back Arrow until you are back to the main pages panel.

5. Click the + symbol to add a page.
6. Select Blog Page.

7. Name it **Intermediate** and click **Done.**

8. Click on Blog Settings at the bottom-left of the screen.

9. Make the following changes to your settings:

Blog | Intermediate

General | The basic settings of your blog

Posts per page: 25 ⌄

Post share buttons: ON ●   Customize

Blog sidebar: ⑦   ● OFF

Post header code ⑦ +

Post footer code ⑦ +

Comments | Control how people comment on your posts

Commenting system: Default ⌄

Comment Default: Closed ⌄
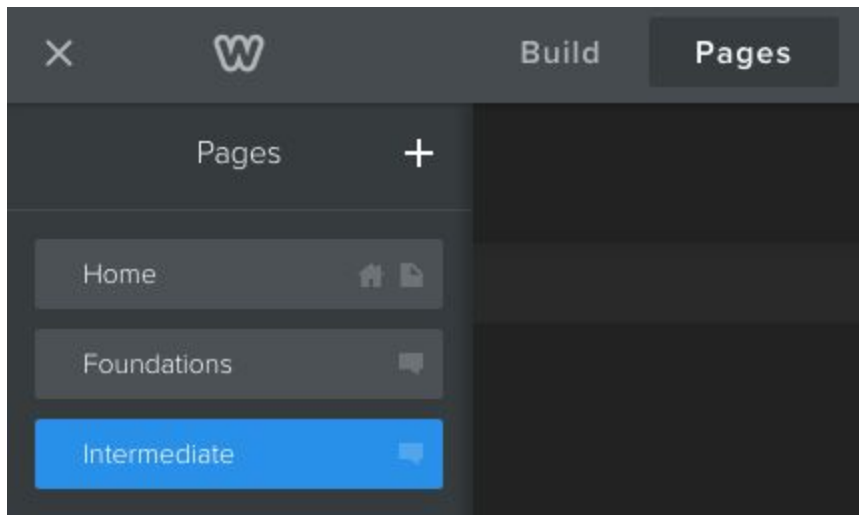

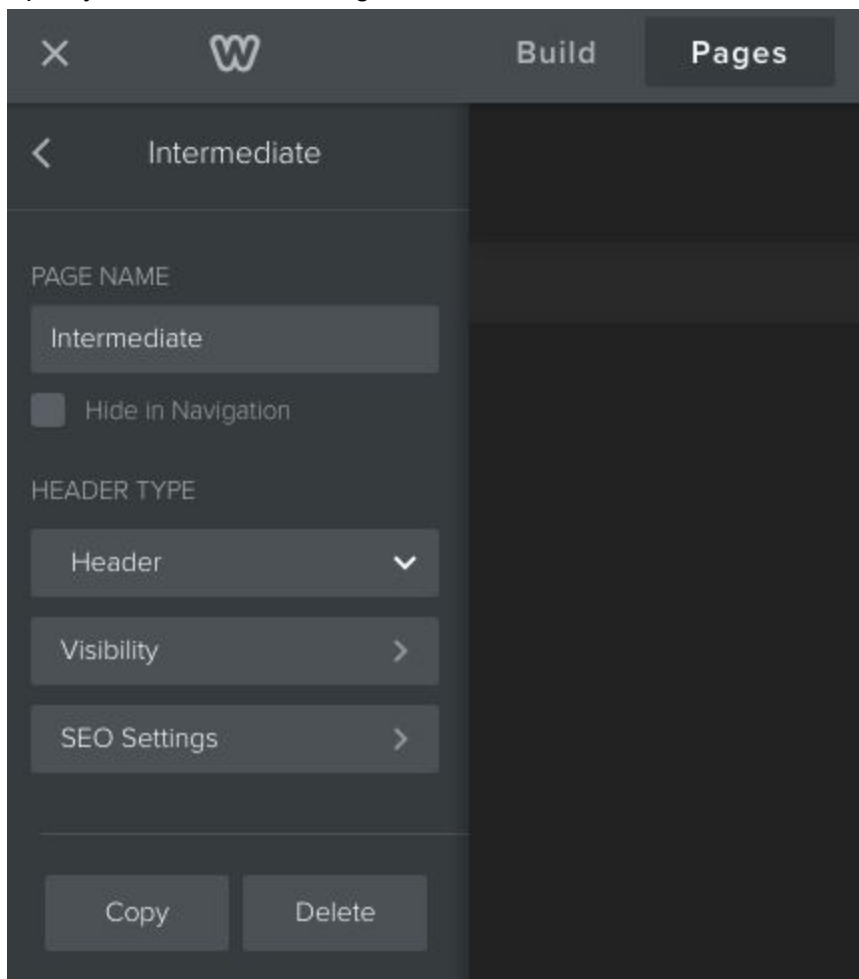

10. Click Save at the bottom right.
11. Click on **Pages** at the top-left.

12. Select your Intermediate page.

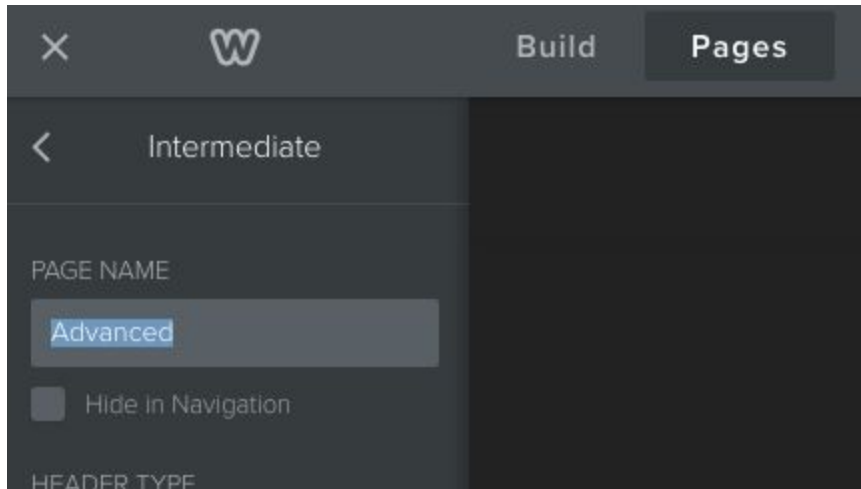

13. Open your Intermediate Page.

14. Click **Copy** to copy your blog.
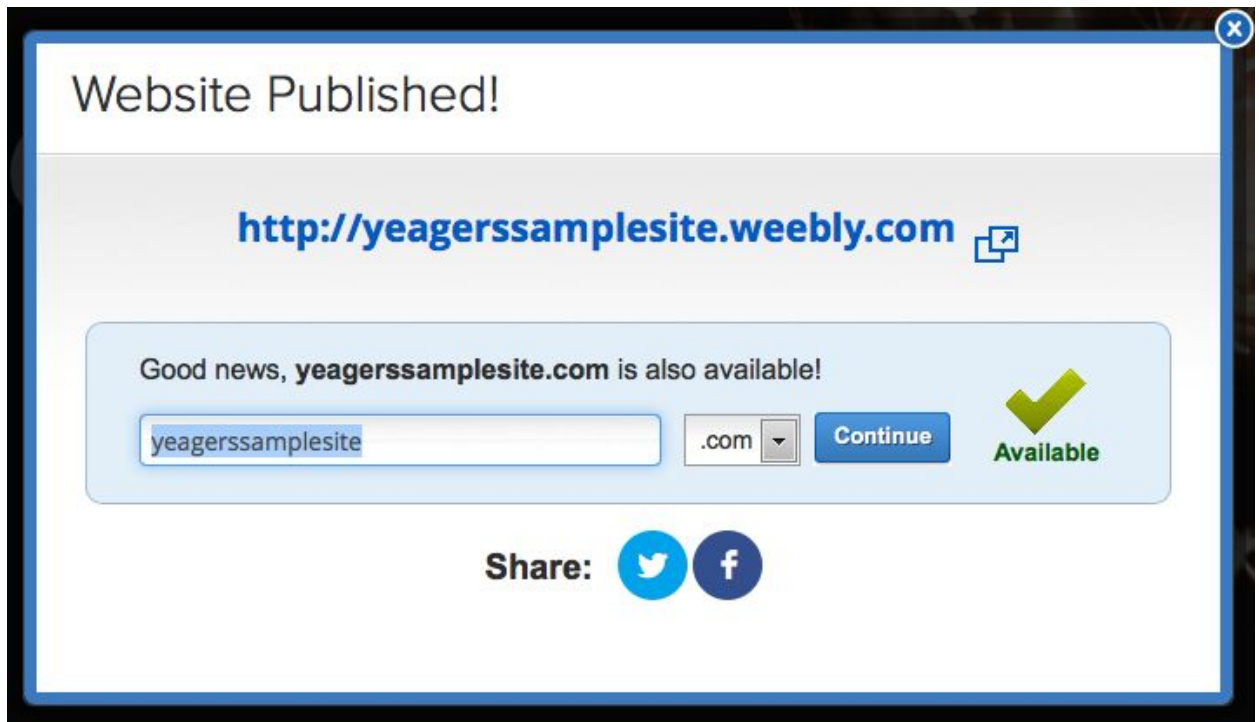

15. Now, you'll have 2 Intermediate blogs.

16. Click on the bottom Intermediate blog to open it, then rename it **Advanced**.

17. Check to see that you have all of your Pages.

18. Publish your site and click on the big blue link. You can't copy and paste the link.

19. When your page opens, copy your URL.

20. Go to my website: centralphoto.weebly.com.
21. Go to the Intermediate page.
22. Click on the Send Me Your Link button, and complete the Google Form.
